#### **About Ms. Jetsetter**

An avid traveler herself, Tracey McGhee saw a gap in women's travel accessories. It was void of stylish yet functional travel pieces for women who want to stay organized on the go. She grew tired of tangled necklaces and scattered makeup and toiletries on nearly every trip. That's what inspired Ms. Jetsetter and the Ms. J Brand - coordinated accessories that keep Jetsetters stylishly organized wherever they are in the world.

Founded in 2019, just before the pandemic, Ms. Jetsetter barely had time to takeoff before the world completely shut down. Fast-forward, you can now find Ms. Jetsetter in select Chicagoland Walgreens stores, The Travel Trio has been featured on HSN and GMA Deals & Steals. And in 2023, Ms. Jetsetter products will be available in airport, resort, and casino retail stores.

The company has been featured in the Travel Goods Association publication,
